The (insert Men's Shed name) Men's Shed notes the Save Our Shed Campaign being run by the Tangambalanga/Kiewa Men's Shed and their request for support.

We call on the Indigo Shire Council to negotiate an agreement with the men's shed committee to allow them to remain in their shed until a suitable alternative can be found to benefit both men's shed members and the wider community.

We further note the vital role Men's Sheds play in supporting men's mental and general health, connectivity and wellbeing which makes it even more important that an agreement is reached to secure the future of the shed ASAP.

Yours Faithfully,
